Each of the activities below form part of the toolkit which your PPC Specialist will employ to make your campaign a success. The Specialist and colleagues will monitor your site and dedicate time accordingly to ensure your metrics improve month over month. The ultimate goal is to have an extremely profitable traffic source that constantly produces the exact leads you are looking for.

Keyword Research	Planning and Strategizing is extremely important when it comes to having a well-oiled PPC Campaign. Keyword Research is vital and create a starting point for costs and opportunities.
Campaign	A Campaign is where both the game plan and execution live and breathe. Once we obtain traction in a campaign, we then split test a second campaign ensuring high level performance.
Ad Copy Writing	Compelling text and copy can make all the difference. Certain words and Calls to Action make all the difference. Our team of experts will ensure your ad is built to be clicked.
Landing Page Optimization	If your website is not 100% Sales Ready, you are leaving money on the table. An underperforming website will lead to a low Quality Score, when means you're paying too much per click.
Weekly Optimization	We relentlessly plug into your campaigns performance ensuring it's delivering the expected results. Ongoing optimization is paramount for your success.
Quality Score	Quality Score is a metric Google uses to determine your page ranking and how much you pay per click in a particular Google AdWords campaign. We are experts at increasing the scores.
Conversion Tracking	A conversion occurs when an ad click or other interaction with your ad leads directly to a behavior that's valuable to you, such as a contact form submission or phone call.

Thank you for the opportunity to earn your business. See you online!
